10 BEATEN TO DEATH IN GERMAN RIOT

STORMS LASHING LAKE AND OCEAN; FEAR SHIPS LOST

LONDON, Oct. 24.—The Leviathan has broken down in Mid-Atlantic, according to wireless received here today.

The wireless from the big liner said that a terrific gale was raging and that the vessel may not be able to arrive in Southampton in time to sail for New York on Sunday.

A second radiogram from the Leviathan said there was no danger but that the liner would be delayed in reaching port. The vessel gave her location as about 500 miles west of the Scilly Islands.

The United States Line received no word from the ship, according to officials. The news came in messages to Southamption.

PHILADELPHIA, Oct. 24.—Radio S. O. S. calls from the British steamer Westmoreland have suddenly ceased, and the navy yard and other powerful stations here have been unable to establish communication with her. The Westmbreland gave her position as twelve miles off the Delaware capes early today.

Three Known Dead

NEW YORK, Oct. 24.—While three persons are dead and more than a score injured, with great destruction to property, as a result of the gale raging between Maine and Florida, the comforting assurance came today that the drought throughout the Atlantic states is broken.

More than two inches of rain has fallen in the area. The weather bureau expected the rain to continue today.

The gale, the worst of the season started in the South Atlantic, and moved along the coast. The storm center was at the Virginia Capes this morning.

Fear was expressed for the Westmoreland, a British steamship, reported sinking with her crew of eighty off the Delaware breakwater.

Another British boat, unidentified, was reported in distress off Fire Island—and the Brigantine Macerati is ashore off Lewis, Delaware.

Other smaller ships suffered, and some may have been lost.

Boats Held In Port

CLEVELAND, Oct. 24.—Waves nearly twenty feet high were being dashed against the shores of Lake Erie today, whipped by a gale which had attained a velocity of 56 miles per hour, according to the United States weather bureau here. Telephone and telegraph wires were snapped by the force of the gale, trees uprooted and windows broken.

Vessels in port here delayed their scheduled departures, waiting for the storm to abate, while fears were entertained for the safety of those between ports. However, it was said that no passenger vessels were enroute to this port, and the freight vessels, manned by skillful mariners well acquainted with the storms of the shallow lake were considered in safe hands.

Eastbound air mail was held in Cleveland, the airplanes delaying their departure indefinitely.

Downtown Cleveland streets were littered with broken umbrellas, turned inside out by the fury of the gale, and abandoned by their owners.

Schooner Afire

NEW YORK, Oct. 24—The crew of the schooner William McDonald, a fire off Sandy Hook, was rescued today by the steamer San Manuel, according to a wireless message received at the naval communications station.

MANY BOOZE CASES BEFORE CITY AND COUNTY TRIBUNALS

She decided not to stand trial and entered a plea of guilty. Mayor Jones fined her $500 and costs, and arrangements were made to pay it. Officers found two five gallon cans containing distilled liquor in the home after they had searched McBride's pool room on Broad street and found a botle of liquor there.

Question Parole Right

The case of Andrew Kopco, 3002 Elyria avenue, Lorain, for a third violation of the liquor laws then occupied the attention of the court. It developed that Kopco had been fined twice in municipal court at Lorain. This time Lorain police officers found a keg buried in the ground, that was half full of wine. Kopco said he did not drink himself, but acknowledged to the court that he was selling at 25c a drink. His wife and two small children sat beside him. Attorney John Harding told the court that he expected to ask for a parole and Assistant Prosecutor Dan Symons argued against any such proceedure, stating that the State had a clear case from the man's own admissions, and that he believed that he should be sent to the penitentiary.

Judge Thompson said he would look up the law, and determine whether he could parole a third offender or not, and would give his decision on Saturday.

While these cases were being heard Zteve Zatrock, 1464 Broadway, Lorain, was brought before Judge Webber on an illegal possession of liquor charge. He plead guilty to a second offense and was fined $500 and costs.

TODAY'S BEST STORY

Harvey Oswalt, of Pavonia, was feeling bad. Blue. Down in the dumps.

Here he was, sick in bed with typhoid fever, his little daughter Marjorie, also ill. Corn still standing uncut in the fields. Work piling up. And no telling how soon he would get out.

And when he did get out, "probably be weak as a kitten," he remorsed to himself.

He had counted on that corn, too. With wheat way down, that corn crop would have eased out what might be a pretty hard winter.

But there is the milk of human kindliness in Pavonia. Neighborliness. Helping hands.

Friends of Oswalt's, 30 of them gathered in his corn field the other morning, and by noon had the corn all cut.

Harvey and little Marjorie are getting better.

UNIVERSAL BROTHERHOOD OF MANKIND NEEDED

The Honorable David Lloyd George in a recent address, made a most eloquent appeal to do away with war and to fight for peaceful methods to adjust differences. He suggested "conciliation, and not vengeance," which was the expression of Abraham Lincoln, should be adapted to the case of Germany. There are millions of men and women thoroughly converted to this idea already and many more are becoming convinced of the futility of war every passing month. It is not enough, of course, and the distinguished Englishman recognizes it, to simply fight war. The only way that it can be effectively done is by establishing a better program. The only way of establishing the program is to arrange for plans that go farther and deeper than the presentation of a method of adjustment of differences after these differences have reached the point of open rupture.

Back of the settlement of grievances by war, is the cause of the grievance itself. This lies in selfishness, in aggrandizement, in endeavoring to get more than one is entitled to. It is due to the nation carrying out the spirit of some individuals, of trying to take from others without giving a corresponding equivalent. What is needed is the acceptance of principles of service, rather than profit, for human effort. Men and women whose objective is to serve others and to sacrifice for others, are not quarreling over any personal pride or personal reward. They sometimes must combat with the strong who are determined to exploit the weak, but the true man or woman of service even in such a case contends without bitterness and without physical force. Why should nations not have the same objective, as we insist shall be the main objective of individuals?

We used to hear it said in politics that "you cannot lick somebody with nobody." The point was that you had to have a candidate around whom the forces could rally in order to defeat a candidate that these same forces believed needed to be defeated. You cannot throw out any plan of action for the nations or for individuals without planting in its place a new and better plan. Many of us believe that "he who serves to the largest degree is the greatest," and yet many of us act upon the principle that "he who gets to the largest degree is the greatest." Individuals and nations must act in harmony with their real belief, but we must have a desire to serve rather than to receive, if we are to act that way. Was it Dr. Chalmers who was riding on the seat with a stage driver along a precipitous bluff when one of the lead horses became frightened and was only held from his plunging by a sharp blow from the whip, which made the horse run, to be sure, possibly faster, but in a straight line? The doctor asked the stage driver why he struck the horse. He said, "To save our lives. I wanted to give that horse something else to think about." Whether it was Dr. Chalmers or another, the story goes that he returned to his home and preached the greatest sermon of his life on the "Expulsive power of a new affection."

Men and nations need something nobler on which their energies are to be displayed than money and territory. They need the indoctrination of the principles of the brotherhood of man. When they understand that land and money, government and all other institutions are simply incidental and means toward the end of the good for men, women and children and we have our mind on the great objective, force and war will necessarily be driven out. We are in a crisis in the world's history. We realize that we have failed. Failures produce crises, and a crisis imposes upon us the obligation to dig deeper into the causes of wrong and correct them.

BY THEIR SILENCE THEY ENDORSE THE MAYOR

We have seen many peculiar campaigns, but we have never seen any that had a more humorous side to it than the one here in Elyria between the candidates for mayor. It was started with many undercurrents and rumors of what a certain candidate was going to do and show up in relation to Mayor Jones, but when the mayor jumped upon the platform standing on both feet and invited him to come on and tell the folks just what objections he had to his administration and what reasons he had why the people should vote for him, this particular candidate has become strangely silent. He is keeping quiet in all the languages which are spoken in Elyria.

With the columns of the newspaper open to him, with the mayor making public addresses and getting out audiences and begging that they divide time with him, there has been absolutely no response. The reasons are perfectly obvious. We have had in Elyria one of the best city administrations that has ever been known in any city and no one knows it better than Mayor Jones' two opponents for this position. If there is anything that they could state on behalf of themselves and against the mayor, it would be stated.

Their silence is one of the best commentaries on Mayor Jones' administration which we have ever seen given to a public official's acts anywhere. Mayor Jones will be re-elected by a large majority and we believe down in their hearts his opponents believe there is no real reason why he should not be. By their silence they endorse him.

KOMICAL TELEGRAMS

by JIM ARMITAGE, Himself

Civil war is raging in Germany. This disproves the theory that money is the root of all evil, their money isn't worth fighting for.

Did you see the collection of coins in the Lorain County bank's window? They have the first silver coin made by the United States and the first paper dollar. If isn't complete but it will be as Al Plocher is going to let them have the first dollar he ever made—Birch told me he had it.

Lloyd George says "Save us." Why don't he tell that to the Salvation Army?

ABE MARTIN

Another way th' gover'ment has o' wastin' money is publishin' bulletins t' inform us that th' cost o' livin' has increased. Petticoats 'll be advertised as usual this fall but not worn.

Aristocratic burglar arrested in Chicago, had a fancy butler but not a dollar, most people with butlers haven't even any sense.

"To the victor belongs the spoils". Foch came and conquered, now Lloyd George is the big noise. If the Kaiser comes over I don't believe even the bootleggers will be there to meet him.

George sure said some nice things about Newton Baker. Do you suppose he has his eye on that city manager job?

Used to be a police officer had to have a lot of nerve, now about all he needs is an overdeveloped sense of smell.

Clevelander dies from drinking varnish from bottle he thought contained home brew, then he knew he made a mistake.

Dame Lloyd George says she might buy a home in America. If Jack Crisp ever starts telling her the advantages of Eastern Heights she's half way to Elyria.

Editor Burke isn't very consistent. He publishes an editorial about "Buying in Elyria" then goes right on reading the Cleveland Plain Dealer.

Jimmie Simpson is home from the world series, he says the Yanks won.

I got Lloyd George's speech on the radio yesterday, the one he made in Welsh, I couldn't understand it so I had Henry Stolzenburg interpret it for me.

New York printers went on strike and the newspapers combined papers as one. They boasted about New York having but one paper, we only have one here and about the only one you ever hear boast about it is Charlie Lord.

ADVANCING years should not mean the approach of a period of dependency—of crutches and canes—of worry, care and fatigue!

Don't dread the days ahead! Be prepared to grapple with the henchmen of Old Age—with rheumatism—with undermined health—with feebleness. The system that is free from impurities—through which rich red blood tingles need not worry about advancing years. Enlist the aid of S. S. S.—the builder of red blood cells—to fight off the infirmities of Old Age.

With the aid of S. S. S. when you reach this stage of life the nerve power that has been built up by ever increasing blood cells—the vim and vigor of youth that you possess will capably enable you to enjoy the advantages of passing years, while others less fortunate are feeble and dependent.

S. S. S. for nearly a century has been serving as a valuable and time honored assistant in the fight for hale and hearty Old Age. It is made only of pure vegetable ingredients and is sold at all good drug stores. The large size bottle is the more economical.

TIMELY VIEWS ON WORLD TOPICS

MONTICELLO SHOULD BELONG TO NATION, SAYS COMMONER

That Monticello, the home of Thomas Jefferson, should be the property of the United States and not of any individual or group, is the opinion of W. J. Bryan, who is taking an active part in the nation-wide campaign to raise $1,000,000 for the purchase and permanent maintenance of the former president's Virginia home.

In writing to the Thomas Jefferson Memorial Foundation to attest his deep interest in the movement, Mr. Bryan summed up his appreciation of Thomas Jefferson in these words:

"Jefferson was the greatest statesman known to history and the father of Democracy in America. His faith in the people was an inspiration to his generation, and his knowledge of human nature enabled him to estimate the value of popular government and to foresee its growth throughout the world. He did not invent the spirit of liberty, for that has nestled in the heart of man from the beginning of the race, but he gave expression to human aspirations and coined the words through which freedom speaks. His services to the United States, and through the United States to all nations, cannot be estimated.

"For more than twenty-five years I have cherished the hope that Monticello would some day belong to the public. The need of this would not be so great if Mr. Levy could live always, because he has taken pride in taking care of the place. But life is uncertain, and it would be a great misfortune if the property fell into the hands of one who did not prize it as a sacred spot. I am gratified that its transfer to the public is now so nearly assured."

"Rags" Cluley is listening in. Don't see how he'll get much enjoyment out of it, he works all night and sleeps all day. Didn't I mention that he has a new radio?

You can't expect an ice man and a coal man to be smiling at the same time of the year.

POEMS THAT LIVE

THE WAY THROUGH THE WOODS

They shut the road through the woods
Seventy years ago.
Weather and rain have undone it again,
And now you would never know
There was once a path through the woods
Before they planted the trees;
It is underneath the coppice and heath,
And the thin anemones.
Only the keeper sees
That, where the ring-dove broods
And the badgers roll at ease,
There was once a road through the woods.

Yet, if you enter the woods
Of a summer evening late,
When the night air cools on the trout ringed pools
Where the otter whistles his mate
(They fear not men in the woods
Because they see so few),
You will hear the beat of a horse's feet
And a swish of a skirt in the dew
Steadily cantering through
The misty solitudes,
As though they perfectly knew
The old lost road through the woods.
But there is no road through the woods.

—Rudyard Kipling.

WHO'S WHO IN THE DAY'S NEWS

HJALMAR BRANTING

European statesmen who wish to see the League of Nations a weak and harmless thing are worried over the activities of Hjalmar Branting, Swedish member of the council of the league.

At the recent meeting of the council in Geneva Branting never ceased campaigning for stern measures with Mussolini. He argued that the league would become the laughing stock of the world unless it could become the champion of weak nations when their rights were trampled upon by their more powerful neighbors. His efforts to punish Italy for brow-beating Greece failed.

Branting, who is sixty-three years old, has throughout his political career been a member of the Socialist party of Sweden and for a long time its leader. By profession he is a journalist, and many of his activities in connection with peace efforts were carried out by him as managing editor of the Social Demokraten of Stockholm, which position he held when in March, 1920, he became the first Socialist premier of Sweden. His cabinet held office until December of that year.

He was active in Paris during the peace conference as a strong advocate of peace on the lines of Woodrow Wilson's fourteen points. In 1921 he was awarded one-half of the Nobel Peace Prize, the other half going to Christian Lange of Norway, secretary of the Interparliamentary Union.

OKLAHOMA SENATE SUSPENDS GOVERNOR

"Red Tape" Slashing Directed In Yank Bureau Probe

Compensation Award And Claims Delays Come Up For Airing

WASHINGTON, Oct. 24.—The senatorial investigation of the United States veterans' bureau was directed today to the slashing of "red tape" from the care of America's disabled world war veterans.

By summoning members of the bureau's legal department to the witness stand, the senate investigating committee sought to determine a remedy for protracted delay in the award of compensation, the payment of soldier claims and the hospitalization of wounded veterans. The legal department, of which most of the bureau's business was delayed by legal technicalities, has been blamed for throwing a wall of "red tape" around the care of disabled veterans.

Unearth Graft

Evidence of graft in the treatment of veterans, already unearthed by the investigation has prompted the committee to take steps toward the recovery of money illegally expended. The first step was to interrogate the bureau's law forces on what efforts were made to recover hundreds of thousands of dollars paid out either to soldiers on illegal claims for compensation or to professional men for services never rendered the war wounded.

The committee was informed that at least $1,000,000 was paid out to former service men on illegal compensation claims. These cases comprised the type in which disabled veterans were discovered later to have been injured in private industry and not in the service of their nation. Practically none of this money was ever recovered because it had been spent by the recipients before the bureau discovered the errors. There were from 5000 to 10,000 of these cases, it was said.

Evidence also was revealed showing that huge sums, variously estimated at from $200,000 to $300,000, were paid annually from 1919 to 1922 to contrast dental surgeons on a fee basis for work never performed upon ex-service men. These payments were characterized as "frauds" by R. E. Chandler, chief of the bureau's dental section.

Reveal Dentists Tricks

The committee also studied further evidence given by Chandler showing that dentists had used iron, lead and other metals as a substitute for gold in filling the teeth of disabled veterans, while the government paid them for gold. Chandler declared such payments were "innumerable" and had occurred "all over the country."

The investigating committee was determined to find a way of bringing prosecutions against the recipients of this money for its recovery.

Although the senate investigation is directed chiefly into the bureau's administration by Colonel C. R. Forbes, most of the testimony to date has favored the former director. It was shown that under economies ordered by Forbes, the bureau's dental fees were reduced from $5,627,850 for the fiscal year ending June 1922 to $1,056,600 in the following twelve months.

HENRIETTA

By Mrs. H. G. Portman

HENRIETTA, Oct. 24.—Those from a distance who attended the funeral of Mrs. J. J. Portman were Mr. and Mrs. A. Berk, Cheesning, Mich.; Mrs. E. Bauman, Detroit; Mr. and Mrs. F. J. Bauman, Mr. and Mrs. Carl Portman, Mr. Meyer, district superintendent who assisted Rev. Patow in the services and Rev. Jauch, former pastor and who with Mrs. Wyttenbach sang so beautifully, all from Cleveland.

Rev. and Mrs. Patow have as their guests, Miss Patow from Halfway, Mich., and Mrs. Ollinger and daughter from Detroit.

The community's social event of the season will be the Hallowe'en party at the school auditorium Saturday evening. There will be ghosts, witches and goblins to get you if you don't watch out. Also contests of various kinds in which the old folks are to become young again and vica versa. It is hoped that there will be a large attendance as every one of the community is invited. The schools are planning a program and there will be community singing. Our principal, Mr. Mitten, and his corps of teachers are planning the affair.

The shades have been put up in the Junior High room and principal's office. This was a much needed improvement, as they are south rooms and it was necessary for some of the pupils to study in the glare of light that might have been injurious to the eyes, had it been allowed to continue longer. It is hoped that they may soon be put up in the other rooms, where the need is imperative also.

There will be a meeting of the Henrietta local of the Ohio Farmers Co-operative Milk Association on Friday evening, Oct. 26th, at the Henrietta school auditorium. Prof. Erf, of Ohio State University will be present and make an address, that will be of great value to milk producers. Those who have not received their new stock certificates may have them at this time also.

Rev. and Mrs. C. Bauman called on relatives here Monday, enroute from Cleveland to their home in Cincinnati.

Gold and silver medals have been received by the leaders of the Farm Bureau Club work among the boys and girls of the township and will be awarded soon. A list of winners will be published later.

Mrs. Portman addressed a W. C. T. U. meeting at Brighton one day last week.

The Dorcas Bible Class will meet at the home of Mrs. Emmerich Friday afternoon.

Mrs. Alexander Born and Mrs John Born were hostesses to the W. C. T. U. at the home of the former Wednesday afternoon.

On October 26 and 27 there will be a fair at Birmingham school building. The girls of the Domestic Science classes will have a pie baking contest. Many entries have been made in fruits and vegetable departments as well as all other departments and an interesting array of farm products will surely be an attraction for many visitors. Seventy-five dollars will be awarded in cash.

IMPEACHMENT MAY BE HELD ILLEGAL BY WALTON FORCES

STATE CAPITOL, OKLAHOMA CITY, Okla., Oct. 24.—**Surrounded by a corps of legal advisers, John Callaway Walton was served today with a copy of a resolution adopted yesterday by the Oklahoma senate, suspending him as governor of Oklahoma.**

Walton would not sign a receipt for the copy of the resolution.

Among a score of the executive's faithful appointees gathered to witness the occasion were several alleged "gunmen." None was armed.

OKLAHOMA CITY, Okla., Oct. 24.—Although suspended from the governorship of Oklahoma by action of the Oklahoma senate following impeachment last night on two of 22 counts by the house of representatives, John Callaway Walton came to his office at the capitol as usual today.

Lieutenant Governor Martin Edward Trapp, who has been a figure in Oklahoma politics since 1914, serving three four-year terms as lieutenant governor prior to the present term, was acting governor today pending the senate trial in which Governor Walton's further political life is at stake.

"I shall observe the law," was the only statement Lieutenant Governor Trapp would make. However, he said he expected to have a formal statement ready some time today.

Governor Walton had nothing to say. It is understood, however, in defense counsel circles that a general demurrer to all charges will be made on the ground that the impeachment session is illegal because Governor Walton called the extraordinary session to enact legislation against the Ku Klux Klan.

Meet on 8 Calls.

The house of representatives, sure of its legal ground, because it is working on three separate calls to extraordinary session, continued today to read testimony and bring impeachment, on the remaining 20 counts contained in the general bill of indictment.

A board of managers composed of W. E. Disney, Judge T. H. Wren and James R. Tolbert, were working to present impeachment indictments to the senate. They will prosecute the case. Two more will be appointed by the board later, it was said.

Supreme Court Justice Tom Johnson will be notified today that the senate now sits as a court hearing impeachment. Organization of that body for trial will be consummated later in the day.

One by one the remaining counts are expected to come over from the house.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

TAXI-COMPANIES RESPONSIBLE FOR HELP

COLUMBUS, Oct. 24.—A taxicab company is a common carrier and is responsible for the character of its employes, the state supreme court held today in affirming action of the Crawford county courts in awarding $500 damages to Miss Gladys Cosgrove, Bucyrus, against Korner and Son, taxi cab operators at Bucyrus, for a criminal assault, claimed to have been made upon her by Edward Driscoll, a driver, employed by Korner and Son.

Driscoll is serving a term in the penitentiary for the assault.

The opinion in the case, written by Chief Justice Marshall and concurred in by the six associate justices, declared that while automobiles are becoming more important each year, they are also "used as the instrumentalities of crime, and often times of robbery and rape.

"In many of our larger cities, where public officials are not notoriously failing and refusing to enforce certain laws because of their antipathy to such laws, the public taxicab has been utilized as a means of safety.

"This last resort of safety will have been lost if the public cannot have the assurance that drivers of public taxicabs are men of integrity and character," the opinion stated.

MENIHAN'S ARCH-AID ROCHESTER, U.S.A.

Heels and Arches

THEY are exacting tests of footwear. An Oxford that slips at the heel is a "misery"—and so is one which flattens down under the weight of the foot, without giving the arch its needed support. We invite you to apply these tests to Menihan's Arch-Aid Shoes. But do not stop there—apply the test of style, grace and fine finish. In all these qualities we can promise satisfaction, if you will but give us a little time to select the exact size and width that best suits you.

WASH YOUR KIDNEYS BY DRINKING WATER

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least

THEATRES

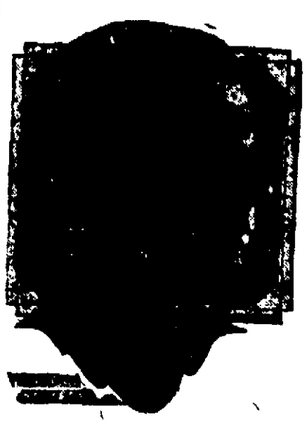

COLONIAL—Last showing of "Strangers of the Night" Thursday "Gold Madness," featuring Guy Bates Post. This story is adapted from Curwood's "Man From Ten Strike." This picture is a thrilling one in many respects and is full of adventure, has a love story, and plenty of action. There is also a new feature peiture and a comedy.

AMERICAN —"The Common Law," has proved to the theatre goers of this city that it is a great picture, with a new subject, a new way of treating it, and a story that is fascinating to the observer. The feature picture is a first class, and the comedy as funny as they make them.

GRAND—Final performance of Gloria Swanson in Zaza. Thursday and for the balance of the week, "Loyal Lives" a smashing, crashing melo-drama of the mail service. It pictures the heroism of these real knights of the road, and tells a story that is bound to let the public know of the great service they are doing day by day. A good comedy and feature picture follow.

DREAMLAND—Frank Mayo in "The Bolted Door," a picture that has become famous for its thrills and action. The management have no hesitancy in recommending this picture to their patrons. A funny comedy and good feature picture complete the program.

"LOYAL LIVES" POSTAL FILMS, SHOW AT GRAND

Playing the role of Dan O'Brien, letter carrier, is not as easy as it looks merely upon judging the finished acting of Brandon Tynan in "Loyal Lives," the Whitman Bennett production distributed by Vitagraph. Mr. Tynan will be seen at the Grand theatre on tomorrow, Friday and Saturday.

Mr. Tynan before appearing before the camera spent more than a week absorbing the atmosphere of the post office and becoming acquainted with the characteristics and actions of the men in the post office force. Most of his time was

put in at the General Post Office in New York City, where through the courtesy of Postmaster Morgan he received a great insight into the part he was to play.

He worked at the main sorting tables to begin with. Then, he was assigned with one of the regular route men and sent out to deliver mail.

"I never was so astonished in all my life, as when I discovered the great number of things the letter carrier has to put up with. Everywhere we had to go, we had to be courteous and have a ready smile. Even though the leather straps of the mail bag cut and the corns and callouses ached and burned, we had to be cheerful.

"'Why show a grouch?' asked a radiating young man now in the service who accompanied me. 'I enjoy meeting these people every day, of being of service to them. Could I be doing right with a grunt and a frown? I guess not. I'll say we learn to suppress our own worries and aches and pains on this job.'"

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action, it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved, after taking according to directions. Ask your druggist. Creomulsion Co. Atlanta Ga.—Adv.

MABEL GARRISON PLEASES LARGE ELYRIA AUDIENCE

The Artist's Recital Course of the Musical Art Society had a brilliant opening on Tuesday evening with the song recital of Mabel Garrison, which took place in the First Congregational Church. A large audience had assembled and their enthusiasm over the beautiful singing, and the beautiful singer, was much in evidence. As one lovely thing succeeded another, the applause grew in volume and insistence, until at the end the artist was obliged to state that encores were out of the question because of the severe cold against which she was struggling. One charming extra was added to the third group, however, Rossini's "Tarentelle," and the audience would never have suspected the cold, if it had not been mentioned.

Miss Garrison is a singer with a voice of wide range, of charming quality, and of extraordinary flexibility. Besides this, she possesses unusually fine musicianship and she has trained her voice to the last degree of perfection. The vocal exploits of a coloratura singer are all at her command and the exquisite finish and taste of the old Italian School are hers. One could discern, too, the possibility of her doing to perfection the great lieder of Schubert, Schumann and Franz, if she chose to turn her attention that way. This was shown by her soulful rendition of the lovely little German Folk Song, "The Broken Ring."

Miss Garrison's program consisted of seventeen songs, divided into five well organized groups: Three old songs (one a great Mozart air); an Aira, four songs in French, four recent songs in English, and five Folk songs. Interpretation and enunciation were perfection in all. To each she imparted an atmosphere, a mood, of its own which made the hearer feel that not one could have been spared. There were songs for the practiced listener and there were as many more for the plain person of little musical experience. Perhaps the widest appeal was made by "Believe Me If All Those Endearing Young Charms," and "Swing Low, Sweet Chariot," both done with an understanding and a feeling which made them irresistible. Garrison proved herself beyond question, an exponent of finished vocal art, a singer of extraordinary charm and appeal, and a personality full of grace and magnetism.

The accompaniments were played by George Siemonn(who is, we might remark subrosa, the husband of the diva.) They were done throughout without notes and they were models of what an accompaniment should be. One beautiful song, "Prayer," was Mr. Siemonn's own work.

"A Common Cold Deserves Your Prompt Attention"

Take Father John's Medicine

"A common cold deserves your immediate and serious attention" So writes a well-known physician, in pointing out the danger of neglecting a cold. "Early treatment of a cold will spare you days of suffering and danger," he says. Doctors will tell you that colds are very likely to develop into serious and even fatal diseases if they are neglected. Many doctors prescribe Father John's Medicine because they know it has had over 68 years of success for colds and coughs. It builds new strength to throw off the cold and prevents its development into more serious trouble. No drugs—all pure food.—Advt.

WOMAN BOOTLEGGERS HAVE HIDDEN POCKET IN SKIRTS, CLAIM

LORAIN, Oct 24.—Trick skirts with cleverly concealed pockets, made to fit certain bottles, are the latest things in fall styles in this city, according to Mrs. Pearl Henry, policewoman.

Mrs. Henry made this observation following the arrest here of three women on charges of violating prohibition laws.

"All were found to be wearing the new style garment," said Mrs. Henry. "These skirts are specially made for the lady bootlegger and are worn under outer garments."

Not only do they facilitate the distribution of liquor by enabling the woman bootlegger to move about unsuspected with a supply of contraband, but the skirts prove valuable in another way, the policewoman pointed out.

"The average dry agent or policeman would never think of investigating a woman's skirts for evidence," she explained.

IN THE DAY'S NEWS

George Le Boutillier, new president of the Long Island Railroad, has been serving as vice president and director of that company since the early part of the present year and is the natural choice for the presidency, made vacant by the death of the veteran Ralph Peters. Though only 47 years old, Mr. Le Boutillier is rated as A No. 1 among practical railroad administrators. For he knows the business for the post of rodman and surveyor up, having begun his career in 1895 as a rodman on the western lines of the Pennsylvania system. It was at this time that he made the acquaintance of Mr. Peters, then a division superintendent of the Pennsylvania, and in whose office in Cincinnati he served for two years. During the long illness of President Peters he served as acting head of the Long Island Railroad. As president he will receive a salary of $75,000 a year.

CINCINNATI, Oct. 24.—Charles Llewellyn, former preacher, was fined $500 and costs for possessing liquor and 100 and costs for disorderly conduct, in police court. When two policemen raided his home they found a wild party in progress, with Llewellyn hiding under the bed. Four other men present, together with five women, were also fined.

LOCAL EAGLES PLAY CHAGRIN FALLS SUNDAY

Eleven Coming Here Has Enviable Record For Season

The Elyria Eagles football eleven having come through their brush with the fast Bowen Indians of Cleveland last Sunday with a clean cut victory by the score of 7 to 0, and without any serious injury, Manager Earl Harper decided to book another big attraction for the entertainment of the local gridiron fans. So therefore, on next Sunday afternoon the followers of the pig-skin and moleskins will be given a chance to witness another strong eleven in action, when the highly touted Chagrin Falls professionals stack up against the local Eagle eleven at Riverview Park.

The Chagrin Falls aggregation have been putting up a wonderful brand of football so far this season, although being completely outweighed and defeated in the last two games, they were not outgeneraled. The Cleveland papers giving them a world of credit for their great showing against overwhelming odds. Two weeks ago they held the strong Bedford Tiger (Pros.) to a 13 to 0 score at Bedford, and last Sunday battled the powerful Tomahawks of Cleveland to a standstill, at Chagrin Falls, losing this contest by the low score of 6 to 0.

This is a new team to the fans of this city, but nevertheless have a great aggregation of pig-skin tossers that will force the local Eagle gridders to stretch themselves to the limit if they wish to attain a victory.

In preparation for this game, which is expected to be a battle royal, weight against speed, the Eagle eleven will be put through some stiff practice sessions at Riverview Park commencing tomorrow night at 7:30, continuing on Friday night and the final session on Sunday morning at 9:00 o'clock.

2 STRONG INDOOR LEAGUES ORGANIZED FOR SEASON AT "Y"

During the past week two strong Indoor baseball leagues have been organized by the Y. M. C. A. for the people in this community. Namely, the Industrial and Senior church leagues. Each league will consist of six or more teams and each team promises to be built on strong lines and some great battles are looked for when the teams get into action the first Tuesday, Wednesday and Friday of November.

The Church league last year was composed of five teams and some real battles took place before the season was over. The Methodist nine finally winning out and in order to do so had to win every game they played. This year it looks like an open field and no doubt every team will be out in the running until the end of the season. The teams in the league so far are: St. Johns Lutheran (the winner of this years championship in the outdoor baseball league for churches), St. Pauls Evangelical, Church of Christ, First Congregational and two teams from the Methodist church, Mr. Millikens class and Mr. Mincks class.

The Industrial League last season was composed of teams from six industrial concerns and this year there will probably be about six or more teams in the league. Last year the American Lace Co. won the Championship but not until after some hard battles with the other teams. The league offered some high class games and everybody had their hat in the ring until the last gun was fired. This year offers some better teams and the league should have a very successful season. The teams entered so far this season are: American Lace Co. (Last seasons Indoor baseball champions), Enameled Products (last years leading basketball team), Columbia Steel (last seasons runner up in indoor baseball and basketball), Merchants, (a new team in the field which will be made up of employees of store and banks) and the Colson Co. (winner of this summers Industrial outdoor baseball league) who will enter two teams, one from the factory and one from the office.

The schedules for the two leagues will be sent out and announced shortly as the opening dates will be November 6th, 7th and 9th. The Church League playing games on Tuesday and Friday nights and the Industrial on Wednesday and Friday nights. Each team will play one game a week and two complete rounds will be played.

For any information on the above get in touch with Physical Director Bill McClellan at the local Y. M. C. A.

LORAIN, Oct. 24.—When the Panhandle football team defeated the Grafton gridders Sunday, 12-0, they annexed their seventh straight victory of the season. They tallied their first points in the second period when a pass, McGuire to F. Nickolette was good for 30 yards.

L. Nickolette intercepted a Grafton pass and ran 50 yards for the other points in the third quarter.

The Great Western Railway of England is an amalgamation of 137 companies.

WHITE EAGLE MARKET PLANS STIFF GAMES

The management of the White Eagle Markets local football eleven has booked the strong Pastime A. C. gridders of Lorain to appear here on Next Sunday afternoon for a game to be played on the Western Heights gridiron.

These two elevens met in a hard battle two weeks ago at the city field in Lorain and resulted in a win for the Pastimes by the low score of 3 to 0. The Pastimes' quarterback making a drop kick from the twenty-five yard line.

Both elevens have strong aggregations, being evenly matched, averaging about a 150 pounds each.

A hard battle is anticipated and the local fans are in for a real treat.

A week from this coming Sunday the White Eagle Markets will journey to Grafton where they will do battle with the fast Grafton Indians of that city, when another gruelling struggle is looked for.

The White Eagle Markets have been drilling diligently for these two contests and are out for the county honors in the 150 pound class.

APPLY SULPHUR TO HEAL UP YOUR SKIN

For unsightly skin eruptions, rash of blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Advt.

COON HUNTING TIME DELAYED TO NOVEMBER 15

The Division of Fish and Game have sent letters to Otto Mischka issuer of hunting licenses for this district, calling attention to the law regarding the open season for raccoons. After hunter's licenses had been issued in December last year the legislature changed the opening date. Instead of the season opening date being November 1st, it does not open until November 15, continuing to February 1st. Hunters can avoid trouble for themselves by making a note of the change of date.
